

PASSING DRUG TESTS - \$10

This is an invaluable notebook filled with facts and empirical data on how to get clean for any random Urine Analysis (UA), written by a chronic marijuana smoker who passed each and every UA while on parole. You'll learn how drugs are stored and metabolized in the body, how to strengthen your liver's ability to metabolize drugs, which vitamin must be taken for proper fueling of your detox system, how your body changes fat soluble toxins to water soluble toxins and how to speed up this process, which type of niacin (there are two types) to take and why. You'll also learn how to utilize clay, cayenne, saunas, and bicycles. And you'll always piss clean. **91 pages**; quality trade paperback (softcover); **catalogue #05-0156**; **ISBN 1-4120-5261-0**
